White Desert:

The Great Rann of Kutch is a salt marsh in the Thar Desert in the Kutch District of Gujarat, India. It is about 7500 km² (2900 sq miles) in area and is reputed to be one of the largest salt deserts in the world. The Great Rann of Kutch, along with the Little Rann of Kutch and the Banni grasslands on its southern edge, is situated in the district of Kutch and comprises some 30,000 square kilometres (10,000 sq mi) between the Gulf of Kutch and the mouth of the Indus River in southern Pakistan. The marsh can be accessed from the village of Kharaghoda in Surendranagar District. The Great Rann of Kutch together with the Little Rann of Kutch is called Rann of Kutch. In India's summer monsoon, the flat desert of salty clay and mudflats, which average 15 meters above sea level, fills with standing water. In very wet years, the wetland extends from the Gulf of Kutch on the west through to the Gulf of Cambay on the east. Every Year, in the vicinity of the White Desert, Gujarat Tourism celebrates the Rannutsav or the White Desert festival highlighting the white Desert and the colourful handicrafts of the district of Kutch which attracts thousands of people in the desert.

Black Hills:

Kalo Dungar or Black Hills stands as the highest point (462 m) in Kutch and is famous for its 400-year-old Dattatreya Temple. This is probably the only place from where you can enjoy the panoramic view of the white desert. The sunset from the Black hills is a treat to watch.
